Our Mission Statement:

The mission of Oakville Little League is to provide the youth of Oakville with opportunities to develop citizenship, discipline, teamwork, and physical well-being through baseball. Our goal is the all-round development of young people not just baseball players. Baseball just happens to be the vehicle used to develop life skills that extend beyond the game.

Useful Things You Can Do With Your Sportsavvy Account:

1. Add an Alternate Contact:

If you didn’t add an alternate contact when setting up your account, we recommend you add one before the season starts. This can be easily done. Here’s how: Simply log into your account. Once you are signed in, scroll to the bottom of the page and click on the “Next” button to go to page 2. Now look for and click on the “New Contact”

button on the left side of the screen. No need to fill out Gender or DOB. If the alternate contact’s address, telephone number or email are different check off the box on the lower left and complete the details. ALL DONE

2. See Team Schedules (All Teams) and Results and Standings (TBMajor -Senior)

From your main login screen you can see your league and team game schedules. Simply click on the “Results” tab and use the drop-down menus to select your House League Division and team to see upcoming games. As a House League program, scores are not kept for Blastball

to T-Ball Minor, which are considered developmental Divisions. For all others you can also check results of the games played. As the season progresses you can also track “Standings” of the Divisions where scores are kept. Keep in mind that since the emphasis throughout the season is on learning and development, all teams will make the playoffs. Its not unusual for a team that doesn’t have the best start and record during the season will end up being a strong playoff contender and winning the Division.
