

Oakville Little League

The best House League in Oakville

Dear Parents, Coaches and Volunteers of Oakville Little League.

At Oakville Little League, the health and safety of our families, players and volunteers have always been and will continue to be a top priority. We have been closely monitoring the unprecedented developments related to COVID-19. As you are aware, our Federal, Provincial and Local governments have taken significant actions to slow down the spread of the coronavirus in our communities. We are hopeful that these actions will help businesses and community sports organizations like ours, and all Canadians, get back to normalcy sooner rather than later.

The Board is meeting weekly via conference call to assess and discuss this evolving situation. We will continue to closely follow any new developments and will take direction from our local health authorities. Based on current information

as of March 29th, the fields and clubhouse will remain closed at least until May 11th with no pre-season activities scheduled.

There are new developments and information coming forward daily. We will continue to meet regularly and will update you on the status of the 2020 baseball season. We understand that this uncertainty may be difficult for families trying to plan their schedules ahead.

Lastly, for the safety of our volunteers, at this current time, we have transitioned to working from home but are available by email for general questions at info@ollb.org and for registration related questions at ollregistrar@gmail.com

Thank you for your patience and understanding during this challenging time. Stay safe.

Best Regards,

John Sweeney

President
