

# Oakville Little League

Season's Greetings! We hope everyone is keeping safe and following the guidelines provided by the provincial and local Officers of Health.

Oakville Little League's online Early-Bird registration is open, and we are providing this short update of our plans for the 2021 season, given the uncertainties related to Covid-19.

Our Board and league volunteers continue working on the assumption that we will have a baseball season in 2021. During our planning process, our focus will always remain on ensuring that we create and maintain a safe environment for players, coaches, umpires and volunteers. To achieve this, we recognize that we may need to implement changes and restrictions based on directions received from various levels of government as well as Little League Canada. This may, for example, include the need to form clusters / cohorts with a limited number of teams & registered players in each cluster. If this were to happen, we will need to prioritize registrations based on a first come first served basis, based on the date of payment recorded in our registration system.

Right now, and in the immediate future, uncertainty will continue to exist as to how things will look in February / March 2021. We will continue to communicate regular updates via emails and newsletters as well as on our social media channels including [Twitter](#), [Facebook](#), & [Instagram](#). We encourage you to consider subscribing to them.

If for some reasons it becomes impossible to have a season, we will again fully refund all registration fees, as we did for the 2020 season.

If you haven't registered already, you can take advantage of our Early-Bird registration period until January 31, 2021.
